OBJECTIVE

I currently work as a Solution Consultant at ABeam Technologies, enthusiastic in learning coding on my own, looking for a career growth and work in a high-tech dev environment in the IT industry.

PERSONAL STATEMENT

To be a prominent asset of an organization of high repute, where I can invest my knowledge for the growth of the organization and myself in an honest way.

WORK HISTORY

ABeam Technologies

Singapore

Mar 2020- Present

Solution Consultant

- Participate in Requirement Analysis session and capture all the details through Task Capture.
- In Depth knowledge in Automation Hub and Power BI.
- Prepare Process and Solution Design Document
- Create a workflow where the UiPath Robot does all the business conditions, maintains JIRA and GitHub
- Developed more than 25 end to end BOTs which are running in production for more than three years with 95% accuracy
- Write the Test cases for UAT and move the Robot to Production
- Prepare a User manual for further User references and give production live support.
- Worked in SharePoint, SAP, AS400 Terminal, SAS script, Telecom, Manufacturing, and banking related automation.
- Involves in Production Support for various departments

KGiSL

Bangkok, Thailand

Feb 2018-Oct 2019

RPA Developer / Solution Architect / BA
